4 Web Valve & Seat

The American Mud Pumps 4-Web Center Guided Valve System. This Valve has a replaceable Insert that is retained by a screw on plate with hammer lugs. Available in heavy duty standard temperature and high temperature versions. Oxide coated to fight corrosion while in storage. Available with standard API seats and "modified" API seats.

- Large metal-to-metal seat bearing area, longer wear life for metal wear areas.
- 4-Web Seat Design Maximizes Bearing Area and makes Seat Pulling easier.
- This stem guided valve and seat assembly are weightless and provides a reasonable value at an economical price.

	Pressure rate	Temperature Rate	Suitable muds	Remarks
4-Web Valve & Seat	7500 psi (seat)	160°F (Std Insert)	Oil and synthetic-based	Available with standard API seats.
4-Web Valve & Seat (HT)	7500 psi (seat)	200°F (High Temp-insert)	Oil and synthetic-based	

American mud pumps carry wide variety of valves and seats, full open, full open HT, 3 Web CG, 3 Web CG HT, 4 Web CG and 4 Web CG HT

Some of our supported brands include:

NATIONAL, EMSCO, GARDNER DENVER, OILWELL, LEWCO, IDECO T, OPI, BOMCO, LS, IDECO MM, SKYTOP BREWSTER, ELLIS WILLIAMS, WEATHERFORD, WILSON, WORKFORCE, GASO
